TO: Kansas AFL-CIO Affiliated Organizations

FROM: Steve Rooney, President
Andy Sanchez, Executive Secretary-Treasurer
Bruce Tunnell, Executive Vice President

At a time when working families across this country are facing a jobs crisis and unprecedented hardship, our partnership with the United Way is more valued than ever. For over six decades, AFL-CIO Community Services has worked in national and locally-based partnerships with United Way to serve those in need in our communities. We are proud to continue the legacy of this partnership as officers of the Kansas AFL-CIO. United Way advances the common good by creating opportunities for a better life for all. They focus on education, income and health—the building blocks for a good quality of life. This is exactly what is needed to help families recover, rebuild and create a strong future.

To achieve its goals, United Way recruits people and organizations who bring the passion, expertise and resources needed to get things done. Through our partnership, United Way invites you to be part of the social change America needs. You can give, you can advocate and you can volunteer. That's what it means to LIVE UNITED, and in the Labor Movement we know what living united means. Please join us in supporting the 2010 United Way campaign.
