September 8, 2026

IAM Membership at Boeing Wichita.

We have reached a historic moment with Boeing's acquisition of Spirit AeroSystems. On Saturday, September 12, 2026, employees will make history as they decide whether to pursue the 751 Master Agreement through the grievance-arbitration process or negotiate independently under Spirit AeroSystems' existing contract. This decision will shape the path ahead for our workforce, families, communities, and future generations.

District No. 70 and Local No. 839 leadership recognize the importance and difficulty of this choice. We encourage every Boeing Wichita/Spirit employee to participate in the vote and make their voice heard. This is not a time for silence or for allowing others to speak on your behalf. It is a time to stand in solidarity for what we believe in.

Prospective members who wish to vote must complete an IAM Membership application beforehand. Applications are available at Local 839 or through your shop steward or a member of leadership. Keep the pink application slip and bring it with you when voting at District No. 70, located at 3830 S. Meridian. Voting will be open from 6:00 a.m. to 8:00 p.m.

Leadership will be on the production floor throughout the week to review the comparison materials and answer frequently asked questions.

Please note that there will be NO Steward Meeting following the Regular Business Meeting this Saturday.
